

Adam W. Fowler, P.E., P.S. | Franklin County Engineer

April 28, 2026

Dear Property Owner /Resident,

Re: Westbrook Subdivision Sidewalk Installation Project

The Franklin County Engineer's Office (FCEO) is planning to install sidewalks in the Westbrook Subdivision along the following streets: Wesbrook Drive, Westfield Drive, Westfield Drive North, Westfield Drive South, and Marsdale Avenue (from Westfield Drive to Westbrook Drive). Work is planned to start this Summer and be completed by the end of 2026.

We plan to host an open house for area residents on May 11th, 2026, from 5:30pm to 7:30pm at the Central Baptist Church at 1955 Frank Road, Columbus, Ohio 43223. This meeting will allow residents to ask questions about the upcoming construction activities and meet the FCEO inspection staff responsible for managing the project. The meeting will follow an "Open House" format and will not include a presentation so attendees can plan to arrive at any time during the event to receive information and talk with FCEO personnel.

The funding for this project is being provided by the Community Development Block Grant (CDBG) and is a collaboration between Franklin Township and the FCEO. If you are unable to attend the meeting but would like additional information regarding the project, please contact Mike Andrako at (614) 525-6158 or mandrako@franklincountyengineer.org.

Sincerely,

Adam W. Fowler, P.E., P.S.
Franklin County Engineer

Mike Andrako, P.E.
Mobility Engineer
